Compared

INSTRUCTIONS

1. Weather conditions and temperature shall be reported at least once in six hours and recorded on the blank provided for station on each dispatching district and shall be recorded for each other station as report reaches one of going.
2. Each train dispatcher shall sign his name and record the time of going on and off duty in the space provided.
3. The A. M. or P. M. as the case may be, shall be shown at the initial and final time of each movement.
4. Time of trains passing or meeting each train shall be shown at one station and at such other stations as the carrier may determine, recorded; where trains stop at reporting stations, both arriving and departing time shall be recorded.
