ARRANGED FREIGHT AND PACKAGE CAR SCHEDULE

NO. 107

Superseding Schedule No. 106 effective October 29, 1961

SEE INDEX ON PAGE NO. 2

This book showing regular Freight Train and Package Car schedules on The New Haven Railroad and interline service via connecting lines, also New England Transportation Company's Highway Truck service, is for the information of shippers and receivers of freight.

The times and trains shown are not guaranteed and are subject to change without notice. Schedules of other railroads are shown as information only. No responsibility is assumed for errors or changes.

Freight stations are not regularly open for transaction of business on Saturdays, Sundays or Legal Holidays, and freight service is curtailed accordingly.

If Saturday, Sunday or Holiday service is desired on Car Load freight, advance arrangements should be made through Local Freight Agent.

Passenger equipped refrigerators in freight service are restricted to movement on rear end of trains, regardless of classification, and normally advertised schedules under such circumstances do not apply.

INTERLINE SERVICE

In the through Interline Service the column headed "day" showing specific days of the week is for the purpose of example only to indicate the elapsed time between various points and has no connection with the days on which the trains operate. Only a few of the key points on other lines are shown and are for examples only. In some instances all of the routes beyond the New Haven's immediate connections may not be indicated.

EXPLANATION OF TRAIN SYMBOLS

Trains running under symbol designation are known as "symbol trains". The symbol is a letter-and-number combination for identification purposes indicating either initial or final terminal, or both.

SIGNIFICATION OF LETTERS USED IN SYMBOLS:

A	Hartford	M	New London.
B	Boston.	N	New Haven & Cedar Hill.
C	Framingham.	O	Maybrook.

CLOSING HOURS FOR DIVERSION ORDERS FOR

PERISHABLE FREIGHT

Diversions after daily freight house closings, and on Saturdays, Sundays and holidays depend on availability of waybills. If practicable, diversion order will be executed for a car actually moving in a train, but it is not guaranteed that such car will be switched out of the train or stopped short of original destination or off-line junction.

Diversions at stations shown below, when ordered not later than time indicated, will be executed if carrier is not prevented by conditions beyond its control. Cars for which orders are received after times shown will be given best practicable movement.

Package Car Service

This section is a complete directory of less-than-carload service provided to and from all LCL stations on the New Haven Railroad and connecting lines covering both car and motor truck movement.

These cars, dispatched in

Fast Freight Trains

operating with dependable regularity, provide expeditious service between origins and destinations with minimum transferring en-route. These cars operate daily, except as otherwise indicated, via the routes shown. Shipping orders specifying routes to secure advantage of these through cars will assure best possible service to shippers and receivers.

L.C.L. freight from or for points contiguous to centers and transfers shown is handled by trucks of the New England Transportation Company, or by scheduled connecting cars, thus affording expeditious movement of freight from and to points where volume available does not permit of through cars.

Ship By This Service

and assist in maintaining these through package cars, to the advantage of shippers, consignees and the carriers.

Any representative of the Sales and Service Department, as listed on back cover of this book, is in a position to assist in solving any of your less than carload or other traffic problems.

**BOSTON'S NEWEST AND
MOST MODERN
PUBLIC BULK TRACK AND
PLATFORM DELIVERY FACILITY**

**THE NEW HAVEN RAILROAD
NEW SOUTHAMPTON ST. YARD**

- ★ Twelve bulk delivery tracks with capacity for 180 cars
- ★ 80 foot driveways, all macadamized, assuring easy access to all cars without interference.
- ★ All tracks installed to meet truck and car floor level.
- ★ Circular driveways provide clear entrance and exit under all conditions.
- ★ Single track placement enables loading or unloading from both sides of car at same time.
- ★ 25 ton mobile cranes in operation enable prompt loading or unloading of open top cars at any point in yard.
- ★ Entire yard illuminated by latest floodlights.

This new Southampton Street Yard is the finest facility of its kind in the East. Provides maximum efficiency in loading and unloading of all types of equipment. Location reduces transit time between customer's place of business and railroad yard.

Geographical location provides access to downtown areas either through Andrew Square via Dorchester Ave. and/or Southampton Street and Albany Street as well as diverging to the west through Massachusetts Avenue at Southampton Street or Massachusetts Avenue to Edward Everett Square and various thoroughfares beyond.
