GENERAL INFORMATION

The services outlined herein are operated DAILY, except as noted. Days shown throughout folder are merely illustrative.

Departures from Baldwin, Jacksonville, Savannah and Hamlet represent the last sections of Eastern and Western perishable trains. Other sections will be operated in advance of these departures when tonnage justifies.

Arrival and departure times shown are stated in Standard Time observed locally at stations listed.

The schedules shown herein are for information only. They are based on arranged service, but are not guaranteed and the right to vary therefrom without notice to the public is reserved.

A MESSAGE TO OUR PATRONS

The services outlined herein are designed to meet your needs for fast and dependable transportation with some margin of time for certain transit privileges. To maintain these schedules with maximum flexibility we urgently need and respectfully solicit your cooperation in—

Ordering Cars:—Orders for cars and especially pre-iced cars should be placed with Agents at origin points as early as possible.

Tender of Shipments:—Shipments should be tendered with necessary shipping instructions as far in advance of the closing times as practicable. The earlier the departure from origin the better the prospect of a flexible service and on-time arrival at destination.

Diversions and Reconsignments:—Wherever practicable, cars should be consigned direct to destination. In those cases where the diversion-reconsignment privilege is of value in the marketing of shipments, you are urged to file your instructions on cars in transit well in advance of the scheduled arrival of cars at the point of diversion and on cars being held for orders well in advance of the scheduled departure of the train in which movement is desired.
