FLEXI-VAN SERVICE for pick-up and delivery with rail dependability

Here is the convenience of pick-up and delivery, the flexibility of highway travel for your door-to-door freight plus the all-weather dependability of rail.

No time lost unloading and transferring, no special terminal facilities required with Flexi-Van. The Milwaukee Road handles your freight right from your loading dock to the hands of the receiver.

Saves Time — Saves Money!

Because Flexi-Van service is *fast*, most shippers can save money through better inventory planning, reduced inventory costs and warehousing overhead. More capital is available for other financing needs.

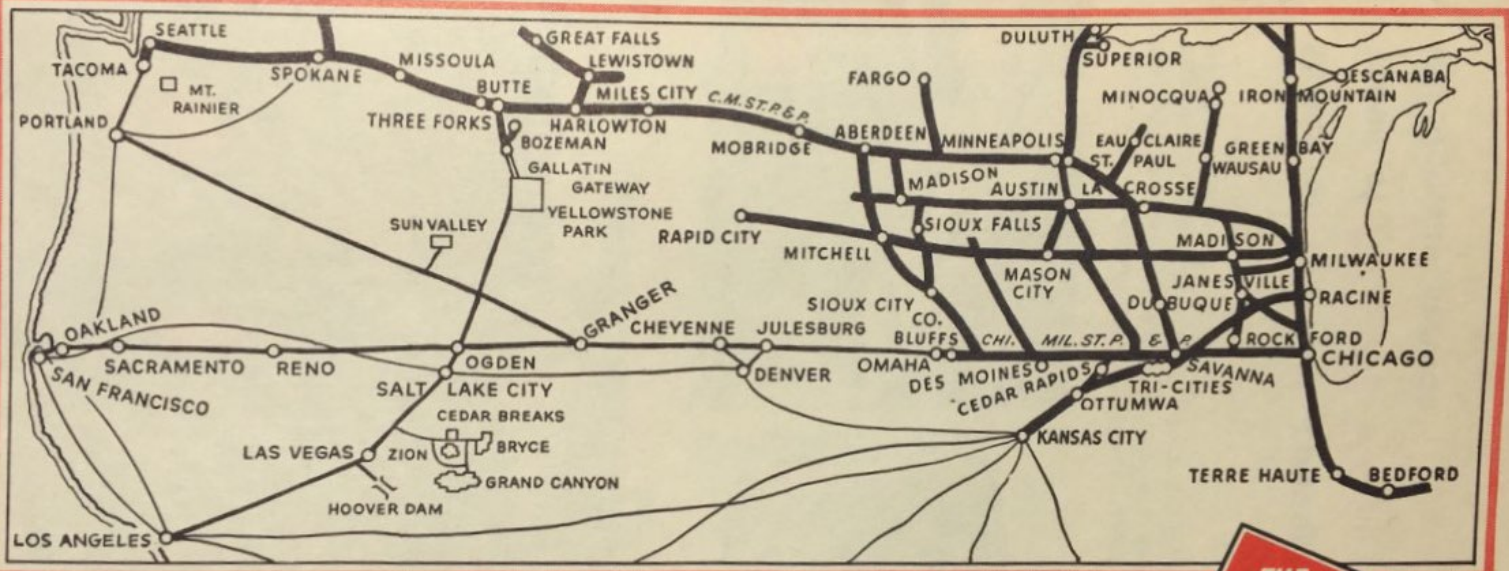

Complete Flexi-Van service is exclusive in the Midwest and Northwest with The Milwaukee Road. It is offered between Chicago-Milwaukee, Madison, St. Paul-Minneapolis, Austin, Omaha, Kansas City, Spokane, Seattle and Tacoma. Soon it will be expanded to include other Milwaukee Road cities.

This new service is tied-in to extensive Flexi-Van operations on the New York Central. Shippers in Milwaukee Road cities with the new service are thus directly linked with such points on the NYC as Albany, Buffalo, New York, Rochester, Schenectady, Syracuse, Troy, N.Y.; Boston, Springfield, Worcester, Mass.; Cleveland, Toledo, Ohio; Detroit, Mich.; and Pittsburgh, Pa.

Hydraulic lifts operated by the tractor battery do the hoisting. The entire change-over is a one-man job—even swinging the trailer with a 42,000 pound load into place on the flat car. Takes only four minutes.

Check on the cost, convenience,
