This book showing regular Freight Train and Package Car schedules on The New Haven Railroad and interline service via connecting lines, also New England Transportation Company's Highway Truck service is for the information of shippers and receivers of freight.

The times and trains shown are not guaranteed and are subject to change without notice.

Freight stations are not regularly open for transaction of business on Sundays or Legal Holidays, and freight service is curtailed accordingly.

If Sunday or Holiday service is desired advance arrangements should be made through Local Freight Agent.

Passenger equipped refrigerators in freight service restricted to movement on rear end of trains, regardless of classification, and normally advertised schedules under such circumstances do not apply.

INTERLINE SERVICE

In the through Interline Service the column headed "day" showing specific days of the week is for the purpose of example only to indicate the elapsed time between various points, and has no connection with the days on which the trains operate. Thousands of carloads from all sections of the country, as well as Mexico, reach the Terminal Market in the FAST FREIGHT and EXPRESS service of THE NEW HAVEN RAILROAD.

Because of its early morning sales and prompt distribution, it has become a market for fresh fruits and vegetables for all of the 8,000,000 people of New England.

IN NEW YORK CITY

THE BRONX PRODUCE HOUSE

At the foot of Willis and Lincoln Avenues, just south of East 132nd St., a short distance from the new Triborough Bridge, is a central market for the sale and distribution of fresh fruits and vegetables to the Bronx, Manhattan, Westchester County, Brooklyn and Long Island via the Triborough Bridge, also New Jersey via the George Washington Bridge.

New Haven R. R. Produce Terminal, Bronx, New York City.

The Bronx Produce House is one-fifth of a mile long, where fruit and produce from the Pacific Coast, Texas, Florida, Maine and all other fruit and vegetable shipping sections of the country are handled.

Sidings at the House and adjacent team tracks permit of placing 375 carloads for unloading at one time. 5000 carloads of fruit and produce are handled at the Bronx Produce House and yards annually. Excellent reconsigning privileges granted to other large markets.

ALL RAIL LINES to and from the SOUTH, WEST, EAST and NORTH connect with THE NEW HAVEN for delivery at the Bronx Produce House.

CLOSING HOURS FOR DIVERSION ORDERS APPLYING TO PERISHABLE FREIGHT

The execution of diversion orders for perishable freight received at stations other than specified below, after the close of freight houses for the day, will be dependent upon the availability of waybills to yard forces and others concerned.

For a car of perishable actually moving in a train, a diversion order will be executed if practicable but no guarantee can be given that a car so moving will be switched out of the train or stopped short of the original destination, or off-line junction.

Diversion orders for car-load perishable freight at stations shown below will be executed if carrier is not prevented by conditions beyond its control, where received not later than the time shown.

Perishable cars for which diversion orders are received after the times shown will be given best practicable movement, consistent with traffic conditions at the time diversion order is placed.
