BALTIMORE DELIVERIES.

GENERAL INSTRUCTIONS.

(For special instructions regarding deliveries to various parties and firms see pages 5 to 13, inclusive.)

Freight for all Baltimore deliveries may be taken with freight charges to collect.

Carload freight may be way-billed to all stations in Baltimore, viz: Camden Station, Canton, Centre, Chase's, Claremont, Fell St., Locust Point, Mount Clare and Spear's Wharf. Less than car-load freight should be way-billed and sent to Camden Station, except as otherwise provided.

If a car is loaded with freight for Locust Point, Mount Clare, Canton, Chase's, Claremont, Fell Street, Spear's Wharf, Centre or Camden Stations, or for any two or more of them, separate way-bills must be made to each station for the freight consigned thereto, but the car must be carded to Camden Station.

Way-bills for all shipments should be sent direct to the station to which way-billed, except as otherwise provided herein.

All freight for delivery in Baltimore must be consigned to one of the above-named stations, and forwarding agents must use the utmost care in receipting for and in the loading, carding and way-billing of freight for such stations.

The way-bills for bulk grain must show the name of the shipper in full, and where such shipments are re-billed or transferred enroute the original car number and initial, as well as the full name of shipper and point of origin, must be given.

When cars originally consigned for delivery at one of the Baltimore City stations, under instructions of consignors or consignees, or the regulations of the B. & O. R. R. Co., are so forwarded and thereafter ordered to another station by instructions of consignors or consignees, the following switching charges will be made in addition to the current rate from point of origin to Baltimore:

Between Camden Station and Mt. Clare.....	\$2.50 per car.
" Mt. Clare and Locust Point.....	2.50 "
" Mt. Clare and City Warehouses on Pratt, South and Commerce Streets....	2.50 "
" Camden Station and Locust Point.....	2.50 "
" Mt. Clare and City Block and President Street.....	3.50 "
" Mt. Clare, Mill and Patterson Streets.....	3.00 "
" Locust Point and City Block.....	6.00 "
" Locust Point and Canton Station or Belt Line Deliveries.....	6.00 "
" Mt. Clare and Belt Line Deliveries.....	5.00 "
" Camden Station and Belt Line Deliveries.....	5.00 "
" Mt. Clare and Canton Station.....	6.00 "
" Canton Station and Belt Line Deliveries.....	6.00 "

Freight for parties or firms not shown in the list on pages 5 to 13, inclusive, must be receipted, loaded, carded and way-billed as follows:

ALL FREIGHT NOT OTHERWISE PROVIDED FOR. ALL LESS THAN CAR LOAD FREIGHT FOR B. C. & A. R'Y POINTS.	
Camden Station.	Sidings at Camden. Diggs Brothers, Eutaw Street Dump. Eutaw Street. Hanover Street. Howard Street. Hannis Distilling Co. Ohio Avenue. Watts, E. A. & B. M. Warner Street.
Stations on Belt Line Railroad	*Mann's Switch (private siding). Mt. Royal Pumping Station Switch. North Avenue Yard. Sisson's Switch. Huntington Avenue Yard. ‡Bevan's Switch (private siding). Waverly Switch. Jenkins Lane Switch. Harford Road Switch. Clifton Switch (or Washington St. siding). Gay Street Station.

* Mann's switch is a private siding, and can only be used for shipments consigned to George Mann.

‡ Bevan's switch is a private siding, and can only be used for shipments consigned to Bevan & Sons.

† Car-load shipments for stations on the Belt Line Railroad (Baltimore) should be way-billed, card way-billed and carded to point at which delivery is required, but way-bill sent to Camden Station.

BALTIMORE DELIVERIES—Continued.

GENERAL INSTRUCTIONS—Continued.

Camden Warehouses.

These new Terminal Warehouses connected with the Baltimore & Ohio Railroad at Camden Station, Baltimore, Md., are of the most modern design, and the largest in the City of Baltimore, being 624 feet long, with eight floors thoroughly equipped for the storage and proper handling, at reasonable rates, of all classes of non-hazardous merchandise. There are also cool cellars, running the entire length of the building, admirably adapted to the care of goods requiring such storage.

Baltimore freight rates will apply on goods, in any quantity, intended for storage, shipped in care of *Camden Warehouses*, and the warehouses will take direct from cars into store, and make Warehouse or City delivery, or re-ship the whole or any portion of a consignment at moderate cost to the owner.

If re-shipped via the Baltimore & Ohio Railroad no cartage will be necessary; if via other lines, the actual cost of cartage will be added.

For further information apply to Mr. James C. Brown, Manager, Camden Warehouses, Camden and Eutaw Streets, Baltimore, Md.

Canton (Baltimore), via Belt Line Railroad.

Rules Regarding Storage and Delivery of Flour at Baltimore, Md.

DOMESTIC FLOUR.

Deliveries. All shipments of flour for domestic consumption received by rail at Baltimore will be delivered to consignees by the Baltimore & Ohio R. R. through the warehouse and station at Spear's Wharf, unless otherwise consigned.

The following rules will govern the storage and delivery of flour at the above-named warehouse and station:

- Period of free storage.** 1. Flour received by rail will be unloaded, stored and reloaded for reshipment, all free of charge during the first period of ten days.
- Storage charges.** 2. For the second period of 30 days or fraction thereof, a storage charge of 3 cents per barrel will be made.
3. For each subsequent period of 15 days or fraction thereof the storage charge will be 2 cents per barrel, but not over 3 cents per barrel will be charged for storage for any one month.

EXPORT FLOUR AT BALTIMORE.

No contracts under through export bills of lading on flour shall be made, except based on bona fide ocean contracts providing for clearance from the seaboard within 60 days from date of shipment.

Rules Regarding Storage of Freight at Baltimore, Md.

These rules do not apply on hay or straw, empty packages, bulk grain, or other freight in bulk, upon which car service or elevator storage charges are applicable.

Freight shipped to Baltimore will be held by carrier at owner's risk, free of charge, for a period not exceeding four days (Sundays, legal holidays and day of notice of arrival not included). Any freight not removed within the time specified will be stored in public warehouses at owner's cost and risk, including expense of cartage or switching, or will be retained at carrier's warehouse under the same conditions, and subject to like charges for storage as prevail at public warehouses. As it is not practicable to store property on the evening of the day of expiration of free storage, the freight will be stored early the following morning.

The foregoing is not to be construed that a removal within a shorter period, say after 24 hours, may not be insisted upon if necessity required.

Baltimore Deliveries.

(Special Instructions for Deliveries to Various Parties and Firms.)

The following consignees have designated the stations at which they wish their freight placed, and they also have the privilege of instructing shippers to consign their freight to other Baltimore stations than those they have designated. Forwarding agents must, therefore, receipt, load, card and way-bill in accordance with the shippers' instructions, but when shipments are offered for a party or firm shown in the following list, and no specific delivery is requested, agents will receipt, load, card and way-bill as noted below.
