| Alphabetical Index of Erie R.R. Loading Stations.....   | I - IV       |
| Geographical Listing of Erie R.R. Loading Stations..... | 1 - 30       |

NOTE: ALL STATIONS ARE CLOSED ON SATURDAYS AND SUNDAYS  
EXCEPT THE FOLLOWING WHICH ARE OPEN ON SATURDAYS  
FOR THE HANDLING OF TRANSFER FREIGHT ONLY.

Croxtton Transfer, N.J.  
Binghamton, N.Y.  
Hornell, N.Y.

Jamestown, N.Y.  
Akron, Ohio  
Chicago, Ill

### GENERAL INSTRUCTIONS

1. The first car to any destination must operate on days scheduled. Cars may be operated on non-scheduled days if they will not take the following day loading.
2. The second or additional cars to the same scheduled destination must be operated when loaded reasonably close to full cubical capacity and if the average weight for all cars to that destination for the month will reasonably fulfill present minimum weight requirements of 12,000 pounds per car eastbound and 8,000 pounds car westbound. Developments which may affect service or result in the movement of cars below minimum weight should be directed to the attention of the Office of Superintendent of Transportation.
3. Way and switch or yard limit cars must operate as scheduled. Station Supervisors on terminating divisions and destination agents should check weekly to insure arrival at destination or destinations without delay.
4. Non-scheduled cars, either direct or on stop-off basis, will be operated only when possible to arrange not more than 24 hours delay at the loading station, including Saturdays, Sundays and Holidays, as compared with loading to normal transfers in accordance with present loading orders. Minimum weight requirements will be 12,000 pounds per car eastbound and 8,000 pounds per car westbound.
