

## GENERAL INFORMATION

This book contains only principal Freight Train Schedules, Connections and Classifications. As revisions and corrections become necessary, supplements will be issued.

The information shown herein is *not guaranteed*, and is subject to change without notice. All times shown are *LOCAL TIME* and *conveys no timetable authority*.

To insure prompt and regular movement of traffic, increased car efficiency and to minimize switching, the freight train classifications must be complied with by all concerned.

Cars should be grouped from head end of the train in the order shown. Whenever all cars available for a particular train cannot be moved account tonnage or other causes, the preference shown will govern what groups are to be handled.

Any discrepancies or questions regarding the information shown in this book should be handled with the Regional Manager of Transportation involved.
