INSTRUCTIONS

1. Weather conditions and temperature shall be reported at least once in six hours and be recorded for at least one station on each dispatching district and for each station on each other station as required for weather conditions.
2. Each train dispatcher shall sign his name and record the time of going on and off duty in space provided.
3. The A. M. or P. M., as the case may be, shall be shown at the initial and final time of each movement.
4. The number of loaded cars and the number of empty cars with the sum of the tonnage thereof shall be shown opposite the time of train at the initial and final terminal station and at each intermediate station, the classification of the train may have been made, thus: 10
