NOTICE CONCERNING USE OF TARIFF 1517

(a) This tariff is compiled for information only. The information set forth herein is considered reliable, but the accuracy thereof is not guaranteed, and must not be used as official authority in any manner in connection with the computation or application of freight or other tariff charges. Official tariff publications, lawfully on file with the Interstate Commerce Commission and State Railroad Commissions only, are to be used for that purpose.

(b) Southern Pacific Company effects delivery of freight upon tracks operated by it; also upon tracks operated by other lines to which it has access by virtue of a switching or other traffic arrangement, serving the Industry, Warehouse, Jobbing House, etc., named herein at the rates and conditions provided in its lawfully published tariffs on file with the Interstate Commerce Commission and State Railroad Commissions, to which reference should be made to determine the proper routing of traffic to insure the application of the lowest rate or charge.

(c) Carload shipments to or from an industry which is not served by trackage are loaded, and unloaded on SP Team Tracks, except as otherwise specifically provided.

(d) This tariff shows industries as being served by the Texas and New Orleans Railroad Company. As information, the Texas and New Orleans Railroad Company is now merged with the Southern Pacific Company.

(e) This tariff will be amended from time to time as occasion may require and all persons interested therein are requested to call to our attention any errors or omissions that may appear herein, or to any additions that should be made.
