NOTES.

Note 1.—Reciprocal switching being in effect, the Western Maryland Railway can make delivery to this particular firm or industry, as provided for in its Absorption of Switching Charges Tariff 48A, I. C. C. 9267, P. S. C. Md. 2628, Pa. P. U. C. 1921, P. S. C. W. Va. 1517, supplements thereto and successive issues thereof.

Note 2.—There are no reciprocal switching arrangements in effect at this point. Unless covered by through rates, all traffic which may move via the Western Maryland Railway, will be subject to additional charges as published in connecting line individual tariffs, lawfully on file with the Interstate Commerce Commission or State Commissions, as required by law.

Note 5.—The only connection with the Maryland and Pennsylvania Railroad, on which this firm or industry is located, is through a bridge service by the Pennsylvania Railroad. The switching charges are not absorbed and any shipments moving via the Western Maryland Railway, unless covered by through rates, will be subject to additional charges as published to and from recognized junction points in connecting lines' tariffs, lawfully on file with the Interstate Commerce Commission or State Commissions, as required by law.

Note 15.—UNION RAILROAD—All firms shown as having private siding from the Union Railroad are accessible to the Western Maryland Railway.

Note 16.—CANTON RAILROAD—All firms on the Canton Railroad are accessible to the Western Maryland Railway.

Note 19.—MUNICIPAL HARBOR BELT RAILROAD—All firms on the Municipal Harbor Belt Railroad are accessible to the Western Maryland Railway.

Note 20.—PATAPSCO & BACK RIVERS RAILROAD—Under trackage rights or switching arrangements all firms on the Patapsco & Back Rivers Railroad are accessible to the Western Maryland Railway.

Note 21.—There are no reciprocal switching arrangements applicable; further, there is no direct connection at this point with the road on which this firm or industry is located. Any shipments moving via the Western Maryland Railway unless covered by through rate, will be subject to additional charges as published from and to recognized junction points in connecting lines' tariffs, lawfully on file with the Interstate Commerce Commission and various State Commissions, as required by law.

Note 23.—This plant consists of two (2) units, served by the Western Maryland Railway. Consignee receives carload freight at either unit. One plant unloads freight on a private siding, open to reciprocal switching; and they also unload freight at this plant on adjacent team tracks, which are not open to reciprocal switching. The other plant is located exclusively on Western Maryland Railway team tracks not open to reciprocal switching. Traffic consigned to the Queen City Brewing Company should be routed via Western Maryland Railway line haul unless otherwise specifically designated by the consignee.

Note 24.—This firm operates the Stock Yards of the Pennsylvania Railroad under contract and is not open to reciprocal switching.

Note 26.—Not open to reciprocal switching.

Note 28.—This plant is located at Amcelle, Md., 4 miles outside the corporate limits of Cumberland, Md., and is only accessible through the Baltimore and Ohio Railroad. On Bituminous Coal traffic, Amcelle, Md., is within the Baltimore and Ohio Railroad, Cumberland, Md., switching limits and switching charges will be absorbed as provided for in Western Maryland Railway Absorption of Switching Charges Tariff 48A, I. C. C. 9267, P. S. C. Md. 2628, supplements thereto and successive issues thereof. On other than Bituminous Coal, Western Maryland Railway cannot make delivery, but can participate as an intermediate carrier, subject to published rates to and from the East.

Note 29.—The plant of the Hanover Canning Company is located at York Road Station, Pa., outside switching limits of Hanover, Pa.

Note 30.—This consignee unloads from running track of Western Maryland Railway, not open to reciprocal switching, and prefers this delivery account immediately adjacent to their warehouse.

Note 31.—This concern takes delivery from operating track of Western Maryland Railway, not open to reciprocal switching.

Note 33.—The York Water Company's pumping station, where delivery of all coal is taken, is located at Brillhart, Pa., local on the Pennsylvania Railroad, outside switching limits of York, Pa.

Note 34.—This firm is a lessee on Western Maryland Railway property and is not open to reciprocal switching.

NOTES—Concluded.

Note 35.—This firm is located on Wicomico Street, local to Baltimore and Ohio Railroad. Not accessible to Western Maryland Railway.

Note 37.—This firm or industry is located in the eastern section of York, Pa., local on the Columbia Branch of the Pennsylvania Railroad, beyond reciprocal switching limits, and designated by the Pennsylvania Railroad as Tractowne, Pa., a separate station.

Note 39.—This firm has a private siding at Sell, Pa., local to the PRR, outside switching limits of Hanover, Pa.

Note 40.—This firm or industry is actually located at Stony Brook, Pa., local on the Columbia Branch of the PRR, beyond reciprocal switching limits, not accessible to the Western Maryland Railway.

Note 41.—This concern customarily uses private siding serving warehouse owned by the M&P Railroad, East York, Pa., leased by that line to the New York Wire Cloth Co. The only connection with the Maryland and Pennsylvania Railroad on which this firm or industry is located is through a bridge service by the Pennsylvania Railroad. The switching charges are not absorbed and any shipments moving via the Western Maryland Railway unless covered by through rates, will be subject to additional charges as published to and from recognized junction points in connecting lines' tariffs, lawfully on file with the Interstate Commerce Commission or State Commissions, as required by law.

Note 42.—This firm customarily uses the siding of the American Bag & Barrel Co. The only connection with the Maryland and Pennsylvania Railroad on which this firm or industry is located is through a bridge service by the Pennsylvania Railroad. The switching charges are not absorbed and any shipments moving via the Western Maryland Railway, unless covered by through rates, will be subject to additional charges as published to and from recognized junction points in connecting lines' tariffs, lawfully on file with the Interstate Commerce Commission or State Commissions, as required by law.

Note 43.—This plant located at Bair, Pa., local to the PRR beyond York, Pa.

Note 44.—This firm located on Norfolk and Western Railway outside of Hagerstown, Md. Switching Limits. Western Maryland Railway can participate on traffic covered by through rates.

Note 45.—DUNDALK MARINE TERMINAL.—All firms at Dundalk Marine Terminal are accessible to the Western Maryland Railway.

Note 46.—This concern takes delivery from a wholly owned W. M. Ry track paralleling their warehouse, which track is located entirely on Railway Co. right-of-way.

Note 47.—This firm uses the siding of the Pitman Mfg. Co. The only connection with the Maryland and Pennsylvania Railroad on which this firm or industry is located, is through a bridge service by the Pennsylvania Railroad. The switching charges are not absorbed and any shipments moving over the Western Maryland Railway, unless covered by through rates, will be subject to additional charges as published to or from recognized junction points in connecting lines' tariffs lawfully on file with the Interstate Commerce Commission or State Commissions, as required by law.

Note 48.—This is located at Botts, Pa., local to Western Maryland Railway, outside switching limits of York, Pa.
